*Zwickel said that the committee will be ready to open by October. Cedarhurst Living employees will have to take advantage of CDHS grants when shopping.*

*Zwickel said we’re not going to have to keep clipping away with each grant. I think we’ll be able to take it over as a project.*

Call the Edwardsville Arts Center for more information about sponsor- ship opportunities.*

there was still more we could do. They shouldn’t turn away because we’re too good of an opportunity to not help them. We all have our own history. I think that’s good and should be told. We’re not talking about a bad thing. We’re only talking about a good thing. We’re only talking about the good part of the community. That’s what we’re all about.*

*This is sad because what students and the community are missing out on.*

**For the Intelligence**

*The educational system at the high school level seems to emphasize diplomacy over employability. The more you know about something, the more likely you should include broadening their horizons and learn- ing about different cultures, especially about Americans.*

**FAIR**

*This is an issue that was famously addressed by Mark Twain in his book “The Prince and the Pauper.”*
